MARTS

Marts. Precomputed tables using 'core' and 'augmented'

marts.work_country_info

work_id	BIGINT NN
country_id	INT NN
n_countries_on_work	INT
country_weight_full	DOUBLE
country_weight_frac	DOUBLE

marts.work_institution_info

work_id	BIGINT NN
institution_id	BIGINT NN
n_institutions_on_work	INT
weight_full	DOUBLE
weight_frac	DOUBLE

work_metrics is a view over the tables work_citation_metrics, work_gender_info, and work_refcite_totals (omitted here)

marts.work_metrics
